Power Update Webinar

13h00 GMT+1, 7 July 2020

Enabling power project development in Africa

Established at RSA House in 2013, the Africa Investment Exchange (AIX) has become one of the meeting places of choice for Africa's energy sector stakeholders.

We have taken the AIX meetings online during the Covid-19 disruption. The webinars will continue to be

held under the Chatham House Rule and structured round panel led discussions to facilitate open discussion.

The fourth AIX Webinar will provide an update on Africa's power industry ahead of the AIX: Power & Renewables meeting on 17-20 November.
