# Africa Investment Exchange Power & Renewables

17-18 November 2021, London & Online

The 8th annual **AIX: Power & Renewables** meeting returns to London, RSA House alongside on-screen participants around the world.

Confronted by the challenges posed of bringing people together, a hybrid programme has been developed to facilitate a productive meeting for both online and in-person participants.

We look forward to bringing together the diverse perspectives of Africa's power sector stakeholders to discuss key elements of the energy transition and issues confronting the industry and its financiers.

AIX Power & Renewables is held under the Chatham House Rule which allows participants to break down the barriers by holding frank and open panel-led discussions without their identity or affiliation, nor that of any other participant, being revealed.

AIX: Power & Renewables is co-organised by Cross-border Information (Cbi), and Cbi's African Energy, a consultancy that has been involved at the heart of the debate surrounding the development of the energy sector in Africa for more than 20 years.

# 17 November - day one

09h00 to 09h30 (GMT) registration & coffee

09h30 to 10h15 (GMT) – hybrid session

## Pathways to net zero in Kenya

**Magali Joseph**, Senior Energy Market Analyst at Energy Exemplar will provide a unique presentation on Kenya's power model built using African Energy Live Data.

10h45 to 12h00 (GMT) – hybrid session

## Matching generation to the market: the T&D question

Problems remain around generation but tackling transmission and distribution are critical issues if the capacity now available in many countries is to reach market. Financing, structuring and monetising T&D projects is a critical issue, which this session will tackle.

- Have new IPPs entering the Southern African Power Pool changed the dynamics of investment in transmission?
- How can tariff structures and guarantees incentivise investment in T&D projects?
- Update on transmission PPPs
- Cross-border transmission projects – acceleration of interconnections is widely reported. What is the actual situation?

**Alison Chikova**, Chief Engineer (Planning and Operations), Southern African Power Pool (SAPP)

**Chris Flavin**, Head of Business Development, Gridworks

**Pinehas Mutota**, General Manager, Economic Regulation, Electricity Control Board, Namibia

**Marcus Williams**, Global Head and Sector Manager, Energy and Extractive Industries, MIGA

## A new hybrid agenda

AIX Power & Renewables will be held under Chatham House Rule. A hybrid programme has been developed to facilitate a productive meeting for online and in-person participants.

There will be a professional tech team at RSA House managing this hybrid model to ensure a smooth digital process and to bring out the best in our speakers.

## AIX Roundtables

Discuss key issues in more depth and engage with industry peers by hosting a roundtable meeting, either at RSA House or via the online platform.

Contact Ricky Purnell to sponsor a roundtable during the AIX Power & Renewables meeting.

# 17 November - day one

09h00 to 10h15 (GMT) – hybrid session

## African gas outlook

Chair: **Ben James**, Partner, Bracewell

The 'transitional fuel' argument is revisited.

- Can developers continue with business as usual?
- Lenders' perspective on financing gas projects
- Impact of gas prices
- Are western IOCs driving themselves out of the market?
- Prospects for carbon capture & storage and hydrogen

**Andrew Knott**, Chief Executive Officer, Savannah Energy

**Charles Nyirahuku**, Chief Gas Regulatory Officer, African Development Bank

**Mitesh Pema**, Executive Director & Fund Principal, Mahlako

**Ricardo Ramirez**, Vice President, Denham Capital

**Duncan Wallace**, Technical Director, Chariot Energy

10h15 to 10h45 (GMT) **Coffee break**

10h45 to 12h00 (GMT) – hybrid session

## Opportunities and challenges investing in Southern Africa

Chair: **Steve Husbands**, Head of Commercial, Oil & Gas Advisory, SLR

Latest developments in the region's gas market are examined

**Steve Brann**, Senior Investment Manager, Vitol

**Stefano Marani**, Chief Executive Officer, Renergen

**Maggy Shino**, Petroleum Commissioner, Ministry of Mines & Energy

**John Smelcer**, Business Development Director, Globeleq

**Johan de Vos**, Chairman, Gigajoule

12h00 to 13h00 (GMT) **Lunch**

## AIX: Gas (part 2)

Held on the morning of 17 November before the start of AIX: Power & Renewables, **AIX: Gas - part two** brings delegates together to continue discussions from earlier in the year.

The one-day pass includes access to all sessions and the evening reception at RSA House on 17 November:

[Register for AIX Gas](#)

## Chatham House Rule

All AIX meetings are held under the **Chatham House Rule** meaning "participants are free to use the information received, but neither the identity nor the affiliation of the speaker(s), nor that of any other participant may be revealed".

By using the Rule, the meetings provide a space for participants to break down barriers and discuss issues of a sensitive nature in the knowledge that any views will remain confidential.

# 17 November – day one

12h00 to 13h00 (GMT) **Lunch for AIX: Power & Renewables and AIX: Gas participants**

13h00 to 1400 (GMT) – hybrid session

## Managing grid transition

Chair: **Ryan Anderson**, Head of Solar, Smart Grid and Storage, Multiconsult

A look at the challenges that Africa faces to decarbonise its electricity grids, strategies for strengthening the power network and the future of utilities.

- Overcoming renewable energy intermittencies and the duck curve problem
- Investing in flexible solutions
- Battery storage solutions: what's the latest?
- Survival guide for utilities managing REIPPs
- How might the grid evolve over the next 25 years?

**Murefu Barasa**, Managing Partner, EED Advisory

**Joe Corbett**, Technical Director, Gridworks

**Ebenezer Kofi Essienyi**, Chief Executive Officer, GRIDCo

**Samson Ondiek**, Business Planning Manager, Kenya Power and Lighting Company

14h00 to 14h30 (GMT) **Coffee and networking break**

Make use of the many private spaces throughout RSA House and hold a quick meeting over coffee, or pre-book meetings with online participants ahead of the break.

## A trusted forum

Over the past eight years, AIX meetings have forged a reputation for the quality of their discussions. All sessions are held under the Chatham House Rule as either panel-led discussions or roundtables that are exclusively for industry stakeholders – no external media bodies are invited.

## Reaching stakeholders across Africa

We are passionate about Africa and ensuring that African voices are heard. African based SMEs, utilities, regulators and public sector officials may attend for free (online or in person).

Contact Lauren Slater to apply for a guest pass.

# 17 November - day one

14h30 to 15h45 (GMT) – hybrid session

## Energy in transition: COP26

Chair: **Jon Marks**, Chairman, Cbl and Head of Consultancy, African Energy

COP26 has brought leaders to Glasgow, but what has actually been decided? African Energy reporting and Live Data analysis will supply exclusive insights to support this discussion.

- What is the extent of new energy transition opportunities for Africa?
- Can Africa conceivably reach universal energy access by 2030 and net zero GHG by 2050?
- The COP debate: Leadership, industry and independent views

**Ayaan Adam**, Senior Director & CEO, AFC Capital

**Tarik Hamane**, Executive Director, Moroccan Agency for Sustainable Energy (MASEN)

**Glada Lahn**, Senior Research Fellow, Chatham House

**Eric Mwangi**, Economic Advisor to the Cabinet Secretary, Ministry of Energy, Kenya

**Sbu Ntshalintshali**, Renewable Energy and Natural Gas Manager, eThekweni Municipality, South Africa

Arrange private meetings with afternoon tea and cake

Making the most of RSA House's excellent chef and range of breakout spaces, our programme has been designed to give you space to network, meet and reconnect (online or in person) with the contacts essential to your business.

16h15 to 17h15 (GMT) – hybrid session

## Financing IPPs in the age of transition

Chair: **Joanne Elson**, Senior Associate, Herbert Smith Freehills

Stakeholders are invited to share their perspectives on the realities of investing in African IPPs in the age of transition.

- What is the future for thermal generation and are renewables fit for purpose to take their place?
- What risk transfer options are available?
- What is the role of gas and storage in Africa's energy transition?

**Andreas Cremer**, Director, Infrastructure & Energy, DEG

**Conal Duffy**, Vice President, Alliant Insurance Services

**Erik Granskog**, Chief Executive Officer, Milele Energy

**Oti Ikomi**, Chief Executive Officer, Proton Energy

**Tom Jamieson**, Partner, Bracewell

**Crispen Zana**, Principal Energy Advisor, AEEP/AUDA-NEPAD

09h00 to 10h30 (GMT) – hybrid session

## Africa power & renewables: strategies for emerging from tough times

Chair: **Wale Shonibare**, Director for Energy Financial Solutions, Policy & Regulation, AfDB

**Dan Marks**, Power Editor at African Energy will start the session with exclusive analysis from the African Energy Live Data platform, including performance of the power sector over the last 12 months, continental electricity supply industry trends and project pipelines.

A moderated debate between the audience and a high-level panel, including government officials and regulators will examine strategies for promoting investment along the value chain. Suggested themes:

- Where is the sector today, how are different countries delivering on tariff restructuring?
- Update on regulations for importing gas in South Africa
- Efforts to create an enabling environment for mini-grids and off-grid electrification
- Suitable regulatory frameworks for battery storage
- Overcoming perceptions of risk and confronting sovereign debt issues

**Dafe Akpeneye**, Commissioner, NERC, Nigeria

**Mark Carrato**, Coordinator, Power Africa

**Hizkyas Dufera**, Senior Advisor to the Minister, Ministry of Water Irrigation and Energy, Ethiopia

**Augustus Flomo**, Deputy Minister for Economic Management, Ministry of Finance & Development Planning, Liberia

**Ziria Tibalwa Waako**, Chief Executive Officer, Electricity Regulatory Authority, Uganda

## 10h30 to 11h15 (GMT) Coffee and networking break

All participants have access to our online meeting hub and our team will work hard to connect you to fellow delegates before, during and after the meeting.

## Online participants

Hybrid and online sessions are hosted on Swapcard.

- **Create your profile** – A dedicated personal profile allows all participants (online and those attending in person) to network, message and arrange meetings with fellow delegates.
- **Expand your network** – Easy access to the full delegate list for the meeting.
- **Chat and comment** – Post questions and comments to panellists ahead of sessions.
- **Watch when convenient** – All sessions are recorded so you can watch them again at any time.
- **Access to documents** – View slides, presentations and exclusive data analysis from African Energy Live Data.

# 18 November - day two

## 11h15 to 12h45 (GMT) – hybrid session

### New look PPAs

Chair: **Dan Marks**, Power Editor, African Energy

- Innovative financing options for projects without long-term PPAs
- What new models are emerging on the continent?
- Are the regulatory environment and the funding mechanisms in place to facilitate the scaling up of C&I?
- South Africa's embedded power plants - update on the 100MW threshold expansion

**Jason De Carteret**, Head of Development, Solarcentury Africa

**Garth Greubel**, CEO, Energy Exchange of Southern Africa

**Eric Mwangi**, Economic Advisor to the Cabinet Secretary, Ministry of Energy, Kenya
